Speaker Information:

Mark Lusher

Technology and Business Speaker

Mark has been involved with computers and technology since the mid-80's.

While serving in the US Air Force in Europe he worked extensively with hardware, repairing and calibrating a wide range of electronic equipment. Being stationed in Italy for four years, Mark was provided the opportunity to learn the language and travel extensively.

Moving to Atlanta after the service, his focus shifted to computer networking, climbing the career ladder from a desktop technician to network manager. In 2005 he ventured out on his own starting a business to support small business networks and computers. This also lead to working with telecommunications and website development.

Since moving to Colorado he has established himself in the community. His involvement in the community covers a range of interests and disciplines. Those include:

- Board of Directors Greenwood Wildlife Rehabilitation
- Member of The Davinci Institute
- Mensa International
- Founded the Boulder Entrepreneur meetup
- Founded the Boulder Italian language

He currently assists companies creating engaging and effective websites and online marketing strategy consulting from his office in Boulder. Public speaking since 2009 to groups in Northern Colorado including:

- Rotary International Longmont
- Millionaire Monday RE
- Optimist Club Breakfast
- Boulder Entrepreneur
